Through  
Our  
Bifocals

BY WOODSON CROSS  
A new year is born.  
Birth is a beginning, a start,  
a period of looking forward.  
On this second day of January  
1958, all of us are planning the  
things we wish to accomplish  
in the new year.

In order to accomplish things,  
we must have goals. If we reach  
our goal, we must have definite  
plans.

COMMUNITIES, as well as in-  
dividuals must have goals and  
plans. If we have no goals or  
plans, we are apt to move side-  
ways or in circles and accom-  
plish little or nothing.  
There are many things Benton  
and Marshall County can ac-  
complish in 1958.  
And our community has need  
of several things. But before we  
can acquire any of these things,  
we must set up our goals and  
make certain plans to reach  
these goals.

ONE OF OUR greatest needs  
is a county hospital.  
Other counties of our size have  
hospitals. We, too, can have a  
hospital. But first we must de-  
termine what we really want a hospital.  
We must make this hospital a goal  
and make plans to reach this goal.  
We understand there is a  
movement toward obtain-  
ing a hospital. What is needed,  
however, is a countywide move-  
ment. A movement with enthu-  
siasm and leadership. Let's  
make this a definite goal  
in 1958.

ANOTHER GOAL can be the  
erection of a steam plant in the  
Sled Creek area.  
It is generally understood  
that the federal government  
will build a steam plant either  
in Kentucky or Tennessee. If  
the plant is built in Kentucky,  
Sled Creek likely will be the  
preferred site. But we have no de-  
finite assurance that a Kentuck-  
y site will be chosen.  
Plants are located in commu-  
nities that exert the most en-  
thusiasm. Are we exerting any  
enthusiasm toward obtaining a  
steam plant on Sled Creek?  
The Chamber of Commerce  
and every civic group in this  
county should exert their ut-  
most efforts to obtain this steam  
plant. If we do, we will get it.  
If we do not, the plant will be  
located in Tennessee; and all be-  
cause Tennessee will be in there  
wanting to get the plant.

THESE TWO GOALS, a hospi-  
tal and a steam plant, if reach-  
ed, would assure continued pro-  
gress for our county.  
And both goals can be reached.  
Hard work, and plenty of it, will  
be required. We may have to  
drop some trivial projects to de-  
vote enough time to achieve  
these major goals; but they will  
be worth any sacrifice we can  
make.

Let's start now, on Jan. 2, to  
organize our forces toward  
building a hospital and getting  
a steam plant located on Sled  
Creek.

BENJAMIN FRANKLIN had  
this to say about a new year:  
"Be at war with your vices,  
Peace with your neighbors,  
and let every New Year  
find you a better man."

HERE'S AN after-Christmas  
thought. A Christmas shopper is  
a woman who can hurry through  
the department store aisle 18 inches  
wide without brushing against  
the piled-up glassware, and then  
leave home and knock the doors  
of a 12-foot garage.

PARTING THOUGHT -- Children  
are a great comfort in one's  
old age -- but they help you to  
get there faster, too.

## Rebels Lose In Mayfield Tournament

South Marshall's Rebels were  
knocked out of the Mayfield  
Christmas Basketball Tourna-  
ment in the first rounds of play  
by St. Mary's of Paducah. The  
score was 55 to 52.  
St. Mary's went on to win the  
championship by defeating Fan-  
cy Farm 65 to 45 in the finals.  
New Concord won the consol-  
ation game by beating Wingo 77  
to 56.  
In the South Marshall-St. Ma-  
ry's game, the Paducah team  
held a decided advantage all  
during the first half. St. Mary's  
led 15 to 5 at the end of the first  
quarter and 31 to 21 at the half.  
But the Rebels' all-court press  
began to pay off in the second  
half and they narrowed the  
margin to 39-32 by the end of  
the third quarter. In the fourth  
quarter, the Rebels moved up to  
tie the score at 48-48 but never  
could pull ahead for victory.  
Green was top scorer for the  
Rebels with 21 points. Mathis  
and York got 9 each, Wilkins got

SEEK EMPLOYMENT -- This is a part of the 4,000 persons who applied for work at Star Bright Industries, new Benton factory. This group is filling out job application blanks. Prospective work-  
ers were processed at the Community Building here.

## Thousands Seek Jobs At Benton's New Factory

Thousands of persons from  
Marshall and adjoining counties  
flocked to the Community Build-  
ing here Monday and Tuesday  
to make application for work at  
the new Benton factory.  
Officials of Star Bright Indus-  
tries, the firm that will manu-  
facture aluminum chairs in the  
old cigar factory building here,  
said that 4,000 persons appeared  
at the Community Building Mon-  
day in search of employment.  
Each person was given an ap-  
plication blank to fill out and  
then was given a mechanical  
aptitude test.  
Only about half of the pro-  
spective workers were processed  
Monday. The others were pro-  
cessed Tuesday.  
Applications were taken from  
women 18 to 45 years of age and  
men from 18 to 55.  
Company officials said that  
only about 40 to 50 persons will  
be hired at this time. Production  
at the factory is scheduled for  
about Feb. 15.  
The factory force will be in-  
creased to about 150 workers by  
March and to a peak of 250 by  
May, officials announced.  
The factory building has been  
remodeled and most of the e-  
quipment has been installed.  
Star Bright Industries is a  
branch of a St. Louis manu-  
facturing company.

## Benton is Winner of Basketball Tournament

Kenny Peek tossed in two free  
throws in the closing seconds of  
the game to carry Benton to a  
44-42 victory over Paducah  
Tilghman and to win the Paducah  
Invitational Basketball  
Tournament Saturday night,  
Dec. 28.  
Benton's Indians met Tilgh-  
man in the championship game  
after Benton had defeated  
Heath 61 to 48 and had downed  
Lowes 55 to 43.  
Benton was seeded No. 1 team  
in the tournament, and was a  
favorite over Tilghman but the  
Paducah team put up a desper-  
ate fight all the way.  
J. D. Gammel was the star of  
the Benton team, pouring in 24  
points and grabbing many a re-  
bound to keep the ball in Ben-  
ton's possession. He scored 16  
of Benton's 20 points in the first  
half.  
Benton led 11 to 9 at the first  
quarter, 20 to 19 at the half  
and 36 to 34 at the end of the  
third quarter. The score was  
tied many times, and Tilghman  
was ahead several times in the  
struggle.  
North Marshall, also one of  
the early favorites in the tour-  
nament, was eliminated by Tilgh-  
man in an exciting overtime  
77 to 72.  
North Marshall was ahead 14

to 13 at the first quarter, the  
score was knotted 33-33 at the  
half, Tilghman was ahead 48-43  
at the third quarter and the  
score was tied 68-68 at the fi-  
nal whistle. Tilghman piled up  
an advantage early in the over-  
time and then stalled its way  
to the victory.  
Hicks scored 22 points for N.  
Marshall, Doyle tallied 20, Lamp-  
ley 15, Powell 9 and Hall 6.  
The Jets went into the tourna-  
ment with only one defeat, that  
at the hands of South Hopkins.  
The score was 62 to 58.  
Winner of the consolation  
game in the Paducah Christmas  
tournament was Symsonia. They  
defeated Lowes 48 to 47 in an-  
other one of the thrillers of the  
tournament.  
Paul Dailey and Joe Dan Gold  
of Benton and Billy Ricks of  
North Marshall were named to  
the all-tournament team.

## Modern Medical Clinic to be Built At Calvert City

Dr. Carroll W. Traylor has  
announced plans for the con-  
struction of a hospital in Calvert  
City. The construction will be  
done by the Memorial Hospital  
Foundation, Inc., a non-profit  
charitable corporation of which  
Dr. Traylor is president.  
Plans call for the construction

of a clinic, which will be expand-  
ed later, to hospital size. Preli-  
minary plans are being made by  
Dr. Traylor and Dr. William J.  
Colburn. The plans are not com-  
plete. However, Dr. Traylor and  
Dr. Colburn reported that the  
clinic probably will initially con-  
sist of offices for doctors, den-  
tists and optometrists, consul-  
tation rooms, x-ray room, labora-  
tory, etc. It is expected to be  
one of the most modern clinics  
in Western Kentucky.

The Memorial Foundation, Inc.,  
was formed for the purpose of  
carrying out the terms of the  
will of Lee Cox, deceased. In ad-  
dition to Dr. Traylor, the offi-  
cers are Mayor H. V. Duckett,  
vice-president, M. J. Draffen,  
treasurer, and John C. Lovett,  
Benton attorney, secretary.  
Members of the board of trust-  
ees are Dr. William J. Colburn,  
Myron S. Pfeiffer and Carolyn  
M. Duckett.

The corporation has received  
from the final settlement of the  
Lee Cox estate assets valued at  
more than \$27,000. Most of the  
real estate will be sold to obtain  
funds to begin construction. It  
is expected that the balance of  
funds necessary for completing  
the building and purchasing  
equipment will be obtained  
through private contributions.  
Some substantial contributions  
already have been pledged.

The will of Mr. Cox, who died  
in 1951, directed that the residue  
of his estate be used to con-  
struct a public hospital on land  
which was in his estate. A 9-acre  
tract of land on his farm has  
been set aside for this hospital.  
Mr. Cox for many years was a  
merchant in Calvert City and  
left practically all of his estate  
to charitable and religious or-  
ganizations.  
Additional plans will be pub-  
lished at a later date, Dr. Tra-  
ylor and Dr. Colburn reported.

were having supper with their  
son, Louis Collins, had put two  
large lumps of coal in the store  
stove but not expecting it to  
burn had turned the draft off.  
Passersby saw the smoke-fill-  
ing room and called the fire  
fighters who opened the doors,  
looked up a large fan and blew  
the smoke outside.  
Little damage was done. No

## Miss Glenda Henson Wed at Church Here

The First Missionary Baptist Church of Benton was the setting for the wedding of Miss Glenda Sue Henson, daughter of Mr. and Mrs. Luck Henson, Benton, and Mr. David E. Hughes, son of Mrs. C. Mott and the late Fleming Hughes of Nashville, Tenn., on Saturday afternoon, Dec. 21. The Rev. J. Frank Young performed the double ring ceremony.

The church was decorated throughout with flowers and greenery. Large palm arrangements silhouetted the arched alcove with floor baskets of white gladioli and mums which were illuminated by tall cathedral tapers placed in wrought iron candelabra. Fascia and white satin ribbon were used to entwine the altar rails and garland the choir.

Preceding the ceremony, Miss Margaret Heath presented a program of organ music. Allen Henson, brother of the bride, sang "O Promise Me," "Because" and "The Lord's Prayer" as the benediction. The traditional wedding marches were used for the processional and recessional. James L. Sturm and Fowler Halanbough Jr., of Nashville, served as acolytes.

The bride, given in marriage by her father, entered on a white bridal carpet laid by Spencer Solomon. She wore a ballerina-length gown of white Chantilly lace and nylon tulle over matching bridal satin. The molded figurine bodice of lace featured a sabbina neckline graced by lace medallions embroidered in iridescent sequins and pearls with self covered buttons down the center back and long fitted sleeves that pointed over the wrists. Lace, accented by deep scallops of accordion pleated tulle formed the full skirt. The brides veil of imported illusion was held by a tiara of seed pearls and sequins. She carried a cascade bouquet of white tuberose, feathered mums petals centered with a white orchid.

Mrs. Allen Henson, sister-in-law of the bride, was matron of honor. The bridesmaids were Barbara Nelson, cousin of the

bride, Paducah, and Janice Fisher of Benton. They wore identical dresses of burgundy velvet, fashioned along sheath lines, featuring crescent necklines and full length sleeves. Their bandeaux were matching shades of velvet leaves. They carried colonial bouquets of white fugi mums tied with white satin streamers.

David A. Cullum of Nashville served as best man. Ushers were Donnie Barlow and Tom Forrest of Gilbertsville.

Mrs. Henson, mother of the bride, was attired in a Franklin original sheath of imported-honey colored French Chantilly lace over satin, with three quarter sleeves. She wore matching accessories and a purple orchid.

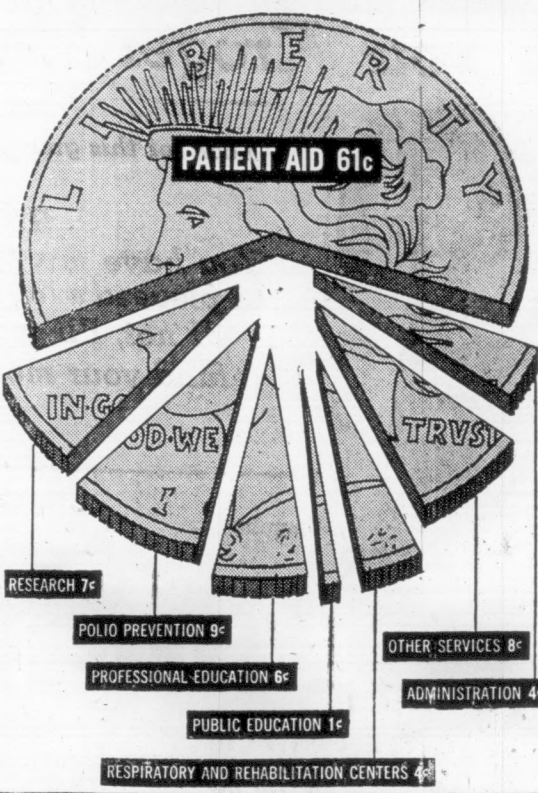

Mrs. Mott, mother of the groom wore a sheath model of Cell blue silk taffeta with an Alencon lace bodice featuring an oval neckline and bracelet length sleeves. A crossed cummerbund of pleated silk, brought to the back, released a softly pleated panel of fullness. She wore matching accessories and a white orchid.

Mr. and Mrs. Henson honored the couple with a reception in the fellowship hall of the church. Presiding at the register was Mrs. Donald Phillips. Assisting in serving were Mrs. James L. Solomon, Miss Jenrose Morgan, Miss Judy Goheen and Miss Nancy Walker.

Out of town guests attending were: Mrs. E. G. Hughes, Mr. and Mrs. James G. Hughes, Karen and Julie Hughes, Mrs. David Cullum, Mrs. James L. Sturm, LeRoy Smith, and Miss Kay Whitaker, Nashville, Tenn.; Mrs. Will Barlow and Florence Gibbs, Gilbertsville; Mr. and Mrs. Charles Nelson, Mr. and Mrs. Gerald Nelson, Mr. and Mrs. Thomas Padon, Mr. and Mrs. Joe L. Barnette, Mr. and Mrs. E. L. Barnette, Steve and Judy Barnette, Mrs. Joe Ernestberger, Miss Susan Bradley, Mr. and Mrs. F. E. Lack, Miss Carolyn Cole, Mr. and Mrs. K. Elliott Grace, Mr. and Mrs. Charles Wyatt, Paducah.

## Graves Reminders of McCoy-Hatfield Feud

A recent rediscovery of the graves of five members of the McCoy family, killed in the famous Hatfield-McCoy feud, has initiated a movement to seek a historical marker in a nearly forgotten mountain cemetery near the small community of Hardy.

This clash of two families, over a grievance which even today is not clearly understood, is recorded as America's most well-known feud. The story began on an election day on the Kentucky-West Virginia border in the early 19th century.

Stories of the origin of the feud are obscure. One is that while "Devil Anse" Hatfield and his clan from across the Tug Fork in West Virginia were caressing with the McCoy's on the Kentucky side, Hatfield's son dallied McCoy's daughter. When a few months later, McCoy's daughter returned to her Kentucky relatives, a war of hatred and revenge began.

The feud outlived all those who saw its beginning and though there were peaceful interludes, an argument over a trivial matter as the number of notches on a hog's ear would start another series of killings.

On one occasion an old man of the Hatfield clan stood alone against the McCoy tribe and when he died cursing his enemies, his guns were empty and his body riddled with bullets. Later after three McCoy's had stabbed a Hatfield, a party of Hatfield's surrounded Randall McCoy's cabin and set it on fire with the McCoy's trapped inside. On that night a Hatfield shot a young McCoy girl to death. Historians say it was a great day for the McCoy's when this Hatfield was hanged, many years later, before 6,000 spectators. He was the first one of the few feudists hanged legally.

The courts were never effective in handling the feud because the participants lived in two states and both states frowned on extradition of their citizens, since each side laid blame on the other. Also many of the sheriffs and judges were kin to participants.

The feud finally was controlled with the coming of the coal mine industry to east Kentucky and the pressure exerted by mine operators.

### Christmas Dinner Held by Lions Club Of Calvert City

The Calvert City Lions Club  
held its annual Christmas din-  
ner for members and their wives  
at Kentucky Dam auditorium  
Thursday evening, Dec. 18.  
The after-dinner speaker was  
Dr. Harry Sparks of Murray  
State College. He was intro-  
duced by Myron Pfeiffer, program  
chairman.  
The topic of Dr. Sparks' hu-  
morous speech was "Business  
Marriage and Politics." He kept  
the audience well entertained  
with his humorous and colorful  
remarks, as well as his amusing  
anecdotes and his impersona-  
tions.  
On the serious side, he gave a  
clear and concise explanation of  
the plus and minus qualities in  
the personalities of men. He  
brought his interesting speech  
to a close by showing how Christ-  
mas helps man to grow in statu-  
re by adhering to the Biblical  
phrase that it is more blessed  
to give than to receive.  
Instead of the customary ex-  
change of gifts, a \$1 contribution  
was made by each club member  
to the welfare fund to provide  
Christmas food baskets for the  
needy families in the area.  
Approximately 150 persons at-  
tended.

felt thanks for the many acts of

thank the Filbeck-Cann Funeral  
Home, the Revs. Winchester and

served, the singers, the donors  
of the beautiful flowers, those  
who sent telegrams and food.  
May the Lord bless you.  
Mrs. James T. Chambers  
and Children.

### CARD OF THANKS

Words cannot express our  
thanks to each and everyone for  
their generosity and kindness  
when our home was destroyed by  
fire.  
We appreciated everything so  
much, the clothing, food, furni-  
ture, toys, bed clothing and do-  
nations.  
May God bless everyone of you  
is our prayer.

## Books and Bouquets

BY MRS. L. L. HIGGINS  
Have you heard your parents  
or grandparents use the expres-  
sion beatness? This is a good  
old Kentucky word meaning  
most unusual or extra-ordinary.  
If the word is new or old to you  
regardless, you'll enjoy the book  
of the week.

Jesse Stuart's "The Beatness  
Boy" is the story of David, an  
orphan, who goes to live with  
his Grandmother Beverly in the  
Kentucky mountains. A story for  
young or old. Get it soon from  
the Marshall County Library or  
book-mobile as one of the clubs  
is giving them "The Beatness  
Boy."

"The bouquet of the week" goes  
to Mrs. Paul Gregory, Tatur-  
ville Homemakers Club, member  
and teacher at Calvert City  
grade school. Mrs. Gregory reads  
aloud to her fifth graders every  
day. She is now reading Tom  
Sawyer, having just finished  
Huckleberry Finn. Both these  
Mark Twain classics were checked  
out of the Marshall County  
book-mobile.

The following Marshall County  
students who are presently at-  
tending Draughon's Business  
College in Paducah are spending  
their holiday vacation with their  
parents: Mary Alice Arant, Jen  
Baker, June Brown, Kay Gray,  
Barbara Hamlet, John Hicks,  
Adoree Jones, Doris Powers, Nor-  
ma Jean Jones, Loretta York,

Christmas Day

and Mrs. James Elkins  
at their home Christmas  
from 6 to 10 o'clock in the  
ing to their friends in Ben-

arnations in a large low bowl.  
Punch, eggnog and cookies  
were served the guests by Mrs.  
Jimmie Lester and Miss Mar-  
garet Heath.  
A wealth of holiday decora-  
tions and a lovely white Christ-  
mas tree with all blue bulbs  
burning made a lovely setting  
in the living room for the guests  
to stop awhile and chat with  
each other as they left the din-  
ing room.  
Mr. and Mrs. Elkins greeted  
their guests and made everyone  
feel welcome and happy during  
the short stay at their open  
house. About 50 guests called.

H. B. Hollands  
Celebrate Their  
50th Anniversary

Almost 250 guests called on  
Mr. and Mrs. H. B. Holland Sun-  
day afternoon to congratulate  
them on their fiftieth wedding  
anniversary. They also received  
many cards, nice gifts and tele-  
grams. The most distant tele-  
gram came from New York. The  
guests attending from the great-  
est distance were Holland Lack-  
ey and three children from  
Wayne, West Va., and Mrs. Joe  
Edwards and two children from  
Knoxville, Tenn.

The Holland house was beau-  
tifully and elaborately decora-  
ted in a color scheme of white  
and gold. A four-tiered white  
cake, topped with miniature  
bride and groom was served from  
a lace covered table. The cake  
was placed on a gold paper dolly  
on white plates. The golden col-  
ored punch was served from a  
punch bowl and cups of white  
milk glass. Mrs. W. T. Rodgers  
of Madisonville, Ky., presided at  
the punch bowl.

The table centerpiece was of  
lovely fresh yellow roses ar-  
ranged with gold foliage in a  
crystal bowl. A cluster of gold  
grapes hung gracefully over the  
side. Across the wall above the  
table were eight large white pa-  
per bells strung on a rope of gold  
heads with gold sprigs of spruce  
interspersed among them. On  
the mantel were six tall antique  
brass candlesticks with white ta-  
pers.

An open Bible was on the  
writing desk; an old-fashioned  
pair of spectacles lay on its pa-  
ges and an antique candle-lit  
lamp was beside it. The buffet  
and occasional tables in the liv-  
ing room held lavish arrange-  
ments made from gold leaves,  
grapes and glass candles. Pot-  
ted yellow chrysanthemums and  
baskets of chrysanthemums were  
used in other rooms of the home.  
Guests registered in a white  
leather-bound book with gold  
pencils. Mrs. Robert Traylor, a  
granddaughter, of Madisonville,  
Ky., kept the register.

For the occasion Mrs. Holland  
wore a golden brown lace dress  
with silver threads woven into  
the design and a white orchid  
corsage.  
This fine, well known couple  
were a little tired at the end of  
the day but happy that so many  
guests came.

Lt. Billy Morgan and wife re-  
turned Saturday to their home in  
Lubbock, Texas, after spend-  
ing the Christmas holidays with  
his parents, Mr. and Mrs. Hatler

## True Church

for January 5, 1958

ACEFUL as it is to have admit it, the fact is that the question about which churches is the simple one: "What is the Church?" One thing all agree, the Church is not brick and mortar.

It is an organization of people. The Church is people. The Church is people.

Dr. Foreman, the Christian Church? If we go to New Testament times, there was only one church. There were many congregations of people, and that one church was the true church, we get a clue toward answering the question.

Third and the Builder  
In Paducah often spoke of the Church, though he seldom used the word. He spoke of his friends, his disciples, and he sent out in his name to do his work. It is such people who make the Church where; persons who have contact with Christ, who believe in Him, who follow Him, who are from Him, who in His name go out to do His work. Once and once He used the expression "Church" according to the words we have. Simon Peter had said, "Thou art the Christ, the Son of the living God." Jesus told him, "On this rock I will build my Church." Theologians argued a long time about it. Jesus meant by "this rock," I think He meant Peter himself. But the New Testament did not think so; nowhere is Simon Peter called the foundation of the Church. A more explanation is that Jesus said He would build His Church on the foundation of the faith. Peter had just expressed, on men and women who have faith. Wherever there is a group of persons bound together by loyalty to Christ as Son of living God, there is the true Church.

at the Cornerstone  
St. Paul's earlier letters he speaks about "churches" but in his days he wrote of "the church," which is truly one, in the midst of many apparent differences. Indeed it is not only interesting but important that the more churches there were, the more emphatically "The Church, not among others, but as including believers. He uses various figures of speech to describe the all-important fact that Christ is central in the true Church. One is a picture of a temple built of stones. The foundation is the apostles (and Peter) and the stones. The foundations of the church go down into the Old Testament; apostles and prophets are present sections of the same foundation. But Christ is the cornerstone. In Paul's time a cornerstone is not a souvenir-chest, it was a solid stone that carried the weight of the building, and indeed the lines of the walls. The apostles are the foundation so as, and because, they are lined with Christ. The true Church is that carries on the spirit and work of apostles and prophets through the ages.

at the Head  
Bible figure of speech the Church, is that of a body. Christ is one of which Christ is head; that is, He directs the church. He is the final and highest authority in the Church. Of course head and body need each other; the head controls the body, the other way around. Christ is the head of the Church. How can we tell Christ is the head of the Church? It is not just by what the Bible says about Him. Jesus said: "Why do you call me Lord, and do not the things say?" Correct theology by itself makes a true church. Does the Church do the things Jesus says? Do its members live by them? Does the church lead up Jesus as a living Lord for Christian lives? Is the church in line with Him, calling Him "head" every little.

## O'Daniel Reviews His Administration's Work

To My Friends of Benton:

On Jan. 6 I will complete my term as your mayor, an honor you bestowed upon me four years ago. I am deeply grateful for the opportunity you gave me to be of service to my community and I have served you to the best of my ability without respect or partiality to any person or group.

I have a high regard for public trust, especially where spending of the public's money is involved, and I have endeavored to see that it was spent where it benefitted the greatest number of citizens. Of course, our funds have always been limited and the needs have been more and more demanding. But one of the first things we caused to be done was the setting up of a budget to operate under and this we have adhered to very strictly and we are leaving the city's general fund some five or six times better off than when it was turned over to us four years ago.

I would like to list a few of the services our city is enjoying that have been added in the last four years. A new Health Center building, to which we contributed over \$4,000 and have increased our yearly contribution therefrom from \$400 to \$900 per year, was erected.

We co-operated fully with our school board in contracting for and erecting the new gymnasium and cafeteria. We had considerable expense in the extension and drainage of 11th Street for the gymnasium.

We have paid \$5,000 indebtedness owed on our fire truck and have \$3,000 left in that fund to use toward purchase of another new truck when it is needed.

We have added new and better equipment for city employees to work with, but first had to secure quarters for the equipment and get it away from the fire station. This we have done with the purchase for \$4,000 of property at 6th and Elm, where we have sufficient storage room for city and water equipment.

We have added one full-time policeman, bringing us near the national average for a city of our size, which is 1 1/2 policemen per 1,000 population. We have been able to increase police pay some and shorten their hours from 12 to 10 per day. This also has increased their efficiency.

With the help of our citizens the first year, and now the county, we have full-time radio contact for police and firemen and for any emergencies.

We have added better lighting equipment by installing 18 mercury vapor lights in the business section.

Our drainage is a big problem and will ever remain so, but I am certain more has been done in the past four years than ever before. Also more work has been done on city streets.

We have always thought the City Park was one of our finest assets and we have set up a contribution each year for its improvement. Our park board was in debt \$8,000 when we took over and through our co-operation with the Marshall County Fair Association that indebtedness has been reduced to only \$1,000.

Due to the extension of the water and sewer system just a few months before we took office there was no reserve left in this fund and we have had to be very careful to make both ends meet. But we have done so for four years, with the added expense of drilling a new well last summer when one of our wells failed. Also with the help of those citizens desiring new sewer lines, we have been able to extend lines approximately one mile without any increase in rates to other users. And with the increase in new water customers, I truly believe there will be an easier period in the future for those handling city affairs.

With the help of Magistrate Raymond Powell, we have been able to eliminate the bottleneck on 8th Street by widening the bridge leading to the Oak Level-Symsonia road.

At this time, all plans have been completed for Benton to have its own municipal gas system, which will be installed within the next several weeks. I think this will, in time, prove to be the greatest asset Benton ever had.

We have kept a supervised city dump for our citizens and have handled more rubbish, limbs, etc., than ever before, thereby helping to keep our city cleaner. This service has cost approximately \$100 per month.

We could go on mentioning improvements but I think we have mentioned enough that you can see that your money was spent with the idea of helping all our people. And all of these improvements have been made without any increases whatsoever of taxes or rates of any kind.

Our best wishes go to our successor, Guy Mathis, and we hope he will have the greatest of success. I am sure that whatever success has been ours could not have been possible were it not for the fine council that has served with us. Three of these councilmen will remain with the new administration and with the fine new councilmen elected, I am sure the new mayor will have a capable group to work with.

Miss Jennie Lee McCrady last week saw a picture the other day of President Jimenez of Venezuela. The \$30,000 car is in the back seat, the automomobile has two telephones, a small television, a tape recorder, a foot-rest that can carry tommyguns. The TV antenna is installed on the rear bumper and the air-conditioning system is housed in the trunk.

THE TV SET is a 17-inch job. rear seats are motor-driven convert to a lounging position. In all, it's a pretty sporty job.

The thought which occurs to however, is what might happen to the poor guy who bumps into it.

A slight jolt might knock the asses of lemonade off the bar jar the TV out of focus. This, doubt, would force the president's bodyguards to reach for tommyguns and set off quite a bit of an explosion.

PEAKING OF CARS, how is it memory on early-day cars? an you remember when cars were delivered with a set of tools, a tire iron and a jack to work on.

Seats and interiors were upstereared with rich velour. Side and rear windows had taints that rolled up and down. There was heavy carpeting on floors.

Running boards were built inside the body. Cars rode on long leaf springs that had shock absorbers that tended as long as the car.

Engines were equipped with vacuum tanks and magneto. Every car had a hand crank starting if the battery failed. Carburetors were made of brass and never corroded.

Steering wheels were made of eel and hardwood. Mufflers and tailpipes lasted long as the car.

Doors and bodies were constructed on oak frames with top members.

The steel in the body was thick enough to stand on while u painted the garage. Fenders were strong enough at the kids could climb on em without damage.

Five-passenger cars held five ssengers without the driving-aft and transmission housing tween the legs.

Wonder where the money went at was saved?

A MAN DROVE up to a filling ation the other day and noted a large sign announcing "UNDER NEW MANAGEMENT."

"What's the idea?" asked the otorist. "You're still operating e place, aren't you?"

"Sure," said the owner, "but I married yesterday."

THE SALESMAN WAS wound "This car will go 135 miles an our," he told the prospective yer.

"Yes, go on," said the buyer. "And it will stop on a dime," aid the salesman.

"Yes, go on," said the buyer, what happens' next."

"Well," said the salesman, "a ttle putty knife comes out and apes you off the windshield."
